#### INSTRUCTIONS

#### The Instructions Numbered 1 to 19 Correspond with the Item Numbers on the First Page of the Return

#### 1. INCOME (OR LOSS) FROM TRADE OR BUSINESS

If a trade or business is carried on by the estate or trust, fill in Schedule A on page 2 of the return, and enter the net income (or loss) as item 1 on page 1 of

This schedule should include income from: (a) Sale of merchandise, or products of manufacturing, mining, construction, and agriculture; and (b) business service, such as hotel, restaurant, and garage service, amusements, laundering,

storage, transportation, etc.

In general, report any income in the earning of which expenses were incurred for material, labor, supplies, etc.

Farmer's income schedule.—If the estate or trust operates a farm and keeps no books of account, or keeps books on a cash basis, obtain from the collector, and attach to this return, Form 1040F, Schedule of Farm Income and Expenses, and enter the net farm income as item 1, page 1 of this return. If the farm books of account are kept on an accrual basis, the filing of Form 1040F is optional.

Installment sales.—If the installment method is used, attach to the return a schedule showing separately for the years 1931, 1932, 1933, and 1934 the following information: (a) Gross sales; (b) cost of goods sold; (c) gross profits; (d) percentage of profits to gross sales; (e) amount collected; and (f) gross profit on amount collected. (See section 44 of the Revenue Act of 1934.)

Kind of business.—Describe the business or service rendered in the space provided on line 1 of Schedule A, as "grocery", "retail clothing", "drug store", "laundry", "farming", etc.

Total receipts.—Enter on line 1 of Schedule A the total receipts, less any discounts or allowances from the sale price or service charge.

Inventories.—If the production, purchase, or sale of merchandise is an income-producing factor in the trade or business, inventories of merchandise on hand shall be taken at the beginning and end of the taxable year which may be valued at cost, or cost or market, whichever is lower.

Salaries.—Enter on line 10 all salaries and wages not included as "Labor" on line 2 under "Cost of Goods Sold."

Interest.—Enter on line 11 interest on business indebtedness. Do not include interest on capital invested in or advanced to the business by the estate or trust.

Taxes.—Enter on line 12 taxes on business property or for carrying on business. Do not include taxes assessed against local benefits of a kind tending to increase the value of the property assessed, nor Federal income taxes, nor estate, inheritance, legacy, succession, and gift taxes.

Losses.—Enter on line 13 losses incurred in the trade or business, if not compensated for by insurance or otherwise and not made good by repairs claimed as deductions. Losses of business property arising from fire, storm, or other casualty, or from theft, should be explained in the table provided therefor at the foot of page 2 of the return, giving the information requested:

Bad debts.—Enter on line 14 debts, or portions thereof, arising from sales or services that have been reflected in income, which have been definitely ascertained to be worthless and charged off within the year, or such reasonable amount as has been added to a reserve for bad debts within the year.

A debt previously charged off as bad, if subsequently collected, must be returned as income for the year in which collected.

Depreciation.—Enter on line 15 depreciation claimed by reason of exhaustion, wear and tear of property used in the trade or business, or as obsolescence or depletion, and fill in the table at the foot of page 2, giving the information requested. If obsolescence is claimed, explain why useful life is less than actual life.

The amount of depreciation on property acquired by purchase should be determined upon the basis of the original cost (not replacement cost) of the property and the probable number of years remaining of its expected useful life, except if the property was purchased prior to March 1, 1913, it will be computed on the fair market value of such property as of that date or its original cost (less depreciation actually sustained before that date), whichever is greater. If the property was acquired in any other manner than by purchase, see section 114 of the Revenue Act of 1934.

In case a deduction is claimed on account of depletion of mines, oil or gas wells, or timber, see sections 23 (m), 23 (n), and 114 of the Revenue Act of 1934.

Do not claim any deduction for depreciation in the value of a building occupied by any beneficiary as a dwelling, or property held for his personal use, nor for land (exclusive of improvements), nor on stocks and bonds.

Rent, repairs, and other expenses.—Enter on line 16 rent on business property in which the estate or trust has no equity, ordinary repairs to keep the property in a usable condition, and other necessary business expenses not classified above, such as heat, light, and fire insurance. Do not include rent for a dwelling occupied by any beneficiary for residential purposes, the cost of business equipment or furniture, expenditures for replacements or permanent improvements to property, nor personal, living, or family expenses of any beneficiary.

Deficit.—If the amount to be entered on line 19 shows a deficit, such amount should be preceded by a minus sign or written with red ink.

#### 2. INTEREST ON BANK DEPOSITS, ETC.

Enter as item 2 all interest received or credited to the account of the estate or trust during the taxable year on bank deposits, notes, mortgages, and corporation bonds, except interest on bonds upon which a tax was paid at the source. Interest on bonds is considered income when due and payable, or as it accrues, depending upon whether the books of account are kept on the cash or the accrual basis.

#### 3. INTEREST ON TAX-FREE COVENANT BONDS

Enter as item 3 interest on bonds upon which a tax was paid at the source, if an ownership certificate on Form 1000 was filed with the interest coupons. The tax of 2 percent paid at source on such interest should be allocated to the beneficiaries in column 5, item 18, page 1 of the return.

#### 4. INCOME (OR LOSS) FROM PARTNERSHIPS, FIDUCIARIES, ETC.

Enter as item 4 the share of the estate or trust of the profits (whether received or not) (or of the losses) of a partnership, syndicate, pool, etc., and income from another estate or trust, except that the share of (a) dividends on stock of domestic corporations shall be included in item 7 ((a) and/or (b)) on page 1 of the return, and (b) interest on obligations of the United States, etc., shall be reported in item 19 at the foot of page 1 of the return.

If the accounting period on the basis of which this return is filed does not

coincide with the accounting period of the partnership or other fiduciary, then there should be included in this return the distributive share of the net profits (or losses) for such accounting period ending within the accounting period of

the estate or trust.

#### 5. INCOME FROM RENTS AND ROYALTIES

Explain income received and deductions claimed in Schedule B.

If property or crops were received in lieu of cash rent, report the income as though the rent had been received in cash. Crops received as rent on a cropshare basis should be reported as income for the year in which disposed of (unless your return shows income accrued). State the original cost of the property, and if it was acquired prior to March 1,

1913, the fair market value as of that date.

Enter as depreciation the amount of wear and tear, or depletion sustained

during the taxable year, and explain in the table at the foot of page 2 Other expenses include interest, taxes, fire insurance, fuel, light, labor, and other necessary expenses of this character.

#### 6. CAPITAL GAINS AND LOSSES

Report sales or exchanges of capital assets in Schedule C and enter the net gain or loss to be taken into account in computing net income as item 6. (CAPITAL LOSSES ARE ALLOWABLE ONLY TO THE EXTENT OF \$2,000 PLUS CAPITAL GAINS.) Describe the property briefly, and state the price received or the fair market value of the property received in exchange. Expenses connected with the sale or exchange may be deducted in computing the profit or loss.

If the property sold or exchanged was acquired prior to March 1, 1913, the basis for determining GAIN is the cost or the fair market value as of March 1, 1913, adjusted as provided in section 113 (b) of the Revenue Act of 1934, whichever is greater, but in determining LOSS the basis is cost so adjusted. (See section 113 of the Revenue Act of 1934.) If the amount shown as cost is other than actual cash cost of the property sold or exchanged, full details must be

furnished regarding the acquisition of the property.

Enter as depreciation the amount of wear and tear, obsolescence, or depletion which has been allowed (but not less than the amount allowable) in respect of such property since date of acquisition, or since March 1, 1913, if the property was acquired before that date. In addition, if the property was acquired before March 1, 1913, the cost shall be reduced by the depreciation actually sustained before that date.

Subsequent improvements include expenditures for additions, improvements, and repairs made to restore the property or prolong its useful life. deduct ordinary repairs, interest, or taxes in computing gain or loss.

No loss shall be recognized in any sale or other disposition of shares of stock or securities where the estate or trust has acquired substantially identical stock or securities within 30 days before or after the date of such sale or disposition, unless the estate or trust is engaged in the trade or business of buying and selling stocks and securities.

No deduction shall be allowed in respect of losses from sales or exchanges of property, directly or indirectly, (A) between members of a family, or (B) except in the case of distributions in liquidation, between an individual and a corporation in which such individual owns, directly or indirectly, more than 50 per centum in value of the outstanding stock. For the purpose of this paragraph— (C) an individual shall be considered as owning the stock owned, directly or indirectly, by his family; and (D) the family of an individual shall include only his brothers and sisters (whether by the whole or half blood), spouse, ancestors, and lineal descendants.

The provisions of the Revenue Act of 1934 relating to capital gains and

losses are:

The provisions of the Revenue Act of 1934 relating to capital gains and losses are:

Sec. 117. (a) General rule.—In the case of a taxpayer, other than a corporation, only the following percentages of the gain or loss recognized upon the sale or exchange of a capital asset shall be taken into account in computing net income:

100 per centum if the capital asset has been held for more than 1 year;

80 per centum if the capital asset has been held for more than 2 years but not for more than 2 years;

60 per centum if the capital asset has been held for more than 2 years but not for more than 5 years;

40 per centum if the capital asset has been held for more than 5 years but not for more than 10 years;

30 per centum if the capital asset has been held for more than 5 years.
